

Ontario Canada Hudson Club Chapter 2015 Spring Newsletter

The snow is melting, days are getting longer. It's only a month until cars are out of winter storage & cruising down the road again. It's time to mark some dates on your Hudson calendar to attend this season. Below we have a long list, hopefully some are close for you to take that Hudson out & show it off to other car nuts. We still make up a small number of all the makes out there, so we always get looked at.

Ted's garage has not seen the normal 2 days a week crew working on cars as weather has been too cold for us old guys, but we did get Ted's '51 Hudson Hornet convertible a new coat of paint. (after stripping & repairs to the body that was getting tired) Les Billeau's '50 Pacemaker body work is completed & primed waiting for paint.

The '46 Hudson Pick-Up project is coming along after months & months of body work, new metal, painted just before Xmas (Royal blue & silver), bed fitted to frame, gas tank in and new chrome to hood & sides. Still to do is find running boards, put front grill back together & bumper, some wiring, wood grain dash and install glass.

A few pictures of the same truck as above when we brought it home

With the Eastern regional Meet in FL. this year, (too far to drive) some of us are going to the Central Regional meet in Frankenmuth Michigan hosted by Home Hudson Chapter, June 22-25 Mon-Thur. Ken Poynter is the chairman. The hotel is The Bavarian Inn Lodge, for reservations call 855-652-7200 mention Hudson Club to get a reduced rate \$109 per night.

Events you will see Hudsons at for the 2015 season of cruising.
