The Rear View Mirror

Looking back over the year, it's amazing to think how far this club has come. At the beginning of the year Erik was President and Editor for our club. One of these tasks would have been plenty for any club member, let alone two of them. Hat's off to Erik for all the work he has done for us. In January health concerns prevented Erik from continuing his tasks with the club. The Vice President, Marilyn McVay, stepped up to the plate and did a wonderful job of handling things for Erik while he focused on getting back on his feet. The month of April brought about the Boyle's Spring Meet with the auction that helped the club finances. During May we enjoyed Doc's Meet and the Apple Blossom meet. In June we had elections and the appointing of new officers whom started in July. Of course there was also the National Meet in July. A number of our members were able to attend and reported having a wonderful time. In August we got to enjoy one of Paul O'Malley's beautiful runs through scenic West Virginia. September was the Annual Bluegrass/Car Show in Fairmont WV in which a number of Central West Virginia Hudson owners (and potential members) attended. In November we had the Picnic Tour which proved to be another nice relaxing ride through the countryside. Again, thanks to Paul O'Malley. Additionally, our Treasurer Jim Poe did a wonderful job of developing our club website. We agreed on a club Logo and also developed a membership application form. Not bad for a Chapter that has just begun. That's what we see looking in our rear view mirror. Now, let's look ahead, grab a hold of the steering wheel, and then see what this baby can do.
